

# Dog Walking And Home Pet care

## The Team

### Michelle Wood

Mum to Ziggy & Tilly (Two rescue cats) and Zelda the german shepard she grew up in the countryside and looked after many animals from mice to sheep and often helped out on a friends farm. Now circumstances are allowing her to pursue her life time ambition- caring for animals.

*"I love all animals and know what an important part they play in your life. I will care for your pets as if they were my own"*

### Anne Morrison

Who always wanted to work with animals and has kept pets since she was 4 years old when she had 5 bantams. She has a degree in Animal Physiology and Nutrition

but after managing a pet shop for several years she was side tracked into being an accountant. Changing circumstances then gave her the chance to return to her first love—working with animals.

*"I have always kept pets –from bullfrogs to horses and get tremendous pleasure from looking after them—I look forward to helping you care for your pets"*

*"When my circumstances changed recently I found I had less time to walk our retriever, and by wonderful coincidence I came across Dogs2Frogs. Michelle and Anne now walk Jasper 3 times a week, with great care and attention, and I couldn't be happier with the service they provide; they are friendly, flexible, easy to contact and above all firm but gentle with our very lively dog."*
